

OCURRENCIAS MINERALES METÁLICAS

Table listing 51 numbered mineral occurrences with columns for 'N° SÍMBOLO', 'NOMBRE', 'ELEMENTOS', and 'N° SÍMBOLO', 'NOMBRE', 'ELEMENTOS'. The table lists various mineral types such as Au, Cu, Ag, Pb, Zn, Fe, and their combinations, along with specific location names like 'Cerro Campana Negra' and 'Cerro Gargar'.

CUADRO DE EMPALMES DE LAS HOJAS ESCALA 1:100,000. A grid table showing the relationship between map sheets, including coordinates and sheet numbers.

LEYENDA

Legend table defining symbols for 'Tipo de Yacimiento' (Active/Inactive), 'Pórfido', 'Skarn', 'Epitermal (diseminado)', 'Hidrotermal (brecha)', 'Hidrotermal (filoniano)', 'Hidrotermal (cuerpo)', 'Hidrotermal (filoniano-diseminado)', 'Hidrotermal (manto)', 'Sedimentario', 'MVT', 'Reemplazamiento', 'Capital de departamento', 'Capital de provincia', 'Limite departamental', and 'Lago'.

Contenido de elementos: A color-coded key for mineral elements. Cu-Mo (green), Au (yellow), Fe (orange), Cu (blue), Sb (purple), Zn, Cu, Pb (red), Ag (green), Au, Ag (light green), Au, Ag, Cu (yellow-green), Cu, Fe (light blue), Cu, Zn (light purple), Pb, Zn (light blue), Au, Ag (light green), Ag, Pb (orange), Cu (yellow), Cu, Fe (light blue), Cu, Zn (light purple), Pb, Zn (light blue), Au, Ag (light green), Ag, Pb (orange), Cu (yellow).
